Stewardship

Stewards Listen

"Did not our hearts burn within us while He talked to us on the road, while He opened to us the scriptures?" LUKE 24:32

Stewardship
a way of life

How often do you take the time to discern what Jesus is calling you to do with your life? Are your prayers always petitions, asking Jesus to do things for you? If so, that's a one-sided relationship. Living our faith means developing a personal relationship with Jesus. Just like any friendship, there is give and take, each side listening to each other and helping each other out. Take time, in silence, to listen to what Jesus is asking of you today.

Question of the Week

LIVING IN THE LIGHT

The Word

Reading for April 23, 2023

Luke 24: 13-35

Adults:

In what way have you come to know Jesus better through the breaking of the bread at Eucharist?

We offer this form of *Lectio Divina* (sacred reading) for pondering Scripture and for faith sharing with family members and other people.

- Listen/ Read (*Lectio*): Ponder God's word and listen for what touches your heart.
- Meditate (*Meditatio*): Attend to what you notice. Allow God's word to resonate in you.
- Speak/Share (*Oratio*): Prayerfully share with Jesus or with the group your thoughts and feelings.
- Rest in God's presence (*Contemplatio*): Notice God's presence and be still, surrounded by God's love.
- Choose to act (*Actio*): Trusting in God's nearness, commit to action rooted in love.

Youth:

How is the Eucharist "bread" for you? How does the Eucharist nourish your spirit?

Children:

When you next pray to Jesus during the Sunday mass, what would you like to thank him for?

Hour of Adoration

Every 3rd Wednesday of the month we will be having an hour of Adoration at 7:00 PM in the Church.

Come and experience the powerful presence of Jesus Christ in the Blessed Sacrament. We will be using the iBreviary app during the service which can be downloaded on your cell phone either on the App Store or by going to <https://www.ibreviary.org/en/>.

Worship & Music

This Weekend's Liturgical Music

Gathering: Alleluia! Love is Alive (BB 164)

Offertory: In Christ Alone (BB 415)

Communion: I am the Bread of Life (BB 349)

Sending Forth: Gou, Go out! (BB 386)

Eucharistic Ministers Needed

NEEDED: Eucharistic Ministers to Visit Homebound Parishioners

We need 4 Parishioners to train for Extraordinary Ministers of Communion...for **Visits to Sick and Homebound Parishioners** on Sunday morning or during the week... **only once a month**

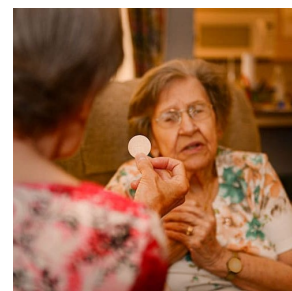

The ministry of visiting homebound parishioners continues to expand and we need your help...**only once a month.**

**...IF YOU ARE NOT A EUCHARISTIC MINISTER,
WE WILL TRAIN YOU**

**... YOU DO NOT NEED TO MINISTER ON THE ALTAR,
YOU CAN JUST VISIT THE HOMEBOUND**

Why only once every month? There are 5 Eucharistic Ministers on each of 7 teams. One member of each team visits 3-4 parishioners each week. Each person has an assigned week of the month and **visits on that one day per month**. The 5th team member is a "substitute" for that team and for the occasional "5th week" when it occurs.

Offering of Letters - SNAP

In October, Congress will be authorizing the Farm Bill. The Farm Bill, among other functions, funds the SNAP program (Supplemental Nutrition Assistance Program), emergency aid both domestic and abroad as well as many other programs which support nutrition, sustainability of our farming system and equity in that system. Bread for the World is sponsoring what is called an Offering of Letters. These are letters to our senators and representatives to support the Farm Bill so that it supports people who are poor and in need in our country and around the world. For example, one of the policy platforms that BFW is proposing is that Congress remove the mandate for college students to work 20 hours a week in order to qualify for SNAP. Hunger on college campuses is one of the hidden pockets of hunger in our country.

We will be holding our own Offering of Letters campaign at Christ our Light the weekend of May 6-7. At that time we will have preprinted letters available which you can just sign and add your address. These letters will be delivered to local congressional offices during the summer. You are also welcome to do an online letter. Once you fill out your contact information, the website will generate letters to our two Senators and your local representative. Go to <https://www.bread.org/offering-letters/#resources>. Use tab for E-mail Congress

You will fill out contact information. Identify your congregation as Christ Our Light, Cherry Hill, NJ. The contact information also makes sure that the information is sent to the correct legislators based on your address. If you have any questions, please contact Pat Slater in the parish office 856-667-2440 x. 327 or by email at pslater@christourlight.net.

To Live Again Grief Support Group

To Live Again, a support group for widows and widowers, meets on Mondays at 6:00 pm. These are in-person meetings. If you have any questions, please contact the parish office and we will put you in touch with a group

leader. 856-667-2440 or
parishoffice@christourlight.net.

Sustainability

Building a Healthy, Equitable, and Sustainable Food System via the Farm Bill

Food systems depend on natural resources to meet current and future demand. Indeed, for the sake of future generations, **how we produce our food today matters as much as what we produce.**

Land, water, climate, and biodiversity are the building blocks of all food systems. But not all food systems are created equal when it comes to their environmental footprints. Food systems that rely primarily on **industrial-scale production practices are more harmful to the environment.**

In the United States, many of the industrial agricultural practices used today—the dominant form of production in our food system—are **a leading cause of ecosystem destruction**, and this only becomes worse over time as natural resources are depleted and cannot regenerate.

Food systems are one of the major contributors to global climate change. Carbon dioxide, methane, and nitrous oxide are the primary emissions produced in food systems. The majority of carbon dioxide emissions in U.S. agriculture come from soil management.¹ Healthy soils are not only crucial to sequestering carbon, but also supply seeds, and in turn crops, with more nutrients. In other words, climate change is reducing the nutritional content of food itself.

Floods, storms, heatwaves, droughts, and other climate-related weather events are coming faster and harder, evidence of the intensifying effects of climate change. **Climate change pushes tens of millions of people in dozens of countries into hunger each year**, and scientists warn that hunger crises on a much larger scale are right around the corner, depending on how the global community responds now and over the next decade.²

Justice & Community Outreach

The Farm Bill

The international and intergenerational inequities of climate change are why it is referred to as a “**climate justice**” issue. People who did the least to cause the problem are suffering most, and very few of today’s government decisionmakers will be alive after mid-century, but nearly all children will be and forced to grapple with the effects of the lack of urgency that today’s leaders are treating the climate crisis.

Climate scientists consider reducing food loss and waste to be one of the most effective climate change solutions.³ **About one-third of all the food produced in the United States each year goes to waste.** Compared to many of the other actions essential to address climate change, reducing food loss and waste is one in which substantial progress can be achieved quickly.

Not only does food loss and waste contribute to global climate change, it results in vast amounts of lost nutrition. U.S. annual food waste and loss is currently between **73 million and 152 million metric tons**, which, according to the Environmental Protection Agency, is enough calories to feed more than **150 million people**, or **“all the food insecure people in America nearly four times over.”**⁴ Moreover, the largest share of U.S. food waste is fresh produce, the healthiest, most nutrient-rich foods inaccessible to most families receiving SNAP. As Bread for the World has often explained,⁶ food security and environmental sustainability are always interconnected.

We will be sponsoring the Offering of Letters the weekend of May 6-7 after all Masses, but you are welcome to participate at any time. You can send an electronic version of the letter which will automatically go to your senators and representative. Visit <https://bread.org/offering-letters/#resources>. Click on "Email Congress." In filling out the contact information (needed for determining your senators and representative), check box for being part of the Offering of Letters and fill in Christ Our Light Cherry Hill, NJ for congregation.
