Stewardship

Beloved Stewards

"...then from the cloud came a voice that said, 'This is my beloved Son, with whom I am well pleased; listen to him.'"
- MATTHEW 17:5

When Peter, James and John heard this they immediately fell, prostrate to the ground and they "were very much afraid." We Stewards may respond the same way when we hear God's voice. How many times do you become fearful when invited to participate more fully in the life of the Church? Or, when someone says something negative about the Church, are you afraid to respond? Remember, we too, are beloved sons and daughters of God; Jesus is there to help us, but we need to listen.

CHECK THIS OUT! Go to our parish website at www.christourlight.net via your mobile device or on a computer and look for the Quick Links box. Just click on JOIN US and register online via a simple electronic form! If you have any questions, please contact the Parish Office at 856-667-2440

Pastoral Council Suggestion Box

In October 2021, Pope Francis officially opened the Synod on Synodality. It is a process that includes listening to the people and hearing where and how the Holy Spirit is guiding us. The hope for this process is that "by walking together, and together reflecting on the journey made, the church will be

able to learn from what it will experience, which processes can help it to live communion, to achieve participation, to open itself to mission."

In following the Synodal process, the Pastoral Council desires to consult and seek the wisdom of the People of God in our parish. We welcome your feedback and comments on how we at Christ Our Light can live our daily lives as witnesses to the Good News of the Gospel.

A suggestion box will be at the Welcome Desk and the Pastoral Council can also be contacted at PastoralCouncil@christourlight.net.

Thank you for the comments and feedback you have submitted thus far. The Pastoral Council is working with appropriate parish resources in evaluating and giving consideration to every suggestion. Please continue to submit your ideas in what will help you and your families grow in faith and love. You may also want to share affirmations and gratitude for anything that has lifted your spirit or have made a difference for you.

30's & 40's Bible Study & Dinner Group

Are you interested in diving into Scripture and sharing your reflections with others in their 30s & 40s? Once a month we'll review the most recent Sunday's readings and share our thoughts on what we think God is telling us. But it doesn't stop there! Let's pick a day each month to go out for dinner and spend time getting to know each other over a good meal. Single and married are welcome to join. We meet on the first and third Mondays of each month. Our next meeting is Monday, August 7 at 7:45PM in the San Lorenzo Room. For more information, please contact Meg Sundell, megsundell@gmail.com

Eucharistic Revival

Today is the feast of the Transfiguration. Though the disciples do not understand His meaning, both the Transfiguration and Jesus' charge to the disciples present a promise of what is to come. **There is hope**, because He will soon triumph over sin and death, and be raised in the fullness of glory – the glory of which they have just been given a glimpse.

In this year of Eucharistic Revival, let us turn to Jesus in the Blessed Sacrament. He is with us now and gives us hope! He did triumph over sin and death! He was and is raised to the fullness of glory! As members of the Body of Christ, we participate in this mystery at every Mass.

"Jesus could have limited his presence only to the celebration of Mass, but no! He wanted to make a permanent dwelling among us. Night and day he awaits us and offers himself to us at all times. Like a most tender mother, he opens his arms to us. He is there generously to give us his gifts. He is there to draw us to him and lead us to paradise with him. Oh! Let us go visit him often." - St. John Bosco

Parish Nursing - Heat Stroke

THIS HAPPENED TO ME

- How to Protect Yourself in the Heat, A Parish Nurses Story -

If you have followed the news lately, you've undoubtedly heard about the record-breaking heat happening across the country this summer. ER visits for heat related illness, including heat stress, heat exhaustion and heat stroke, have been steadily increasing resulting in an average of 702 heat related deaths annually.

What happened - It was a sunny day and my husband and I decided to go hiking on the Batsto Lake loop trail in Wharton State Forest. The trail is not very difficult as it is relatively flat and can easily be completed in about 2-3 hours. I thought I was prepared. I walk on my treadmill and around Bethel Mill Park often. I have no major health issues of any kind. We had sunscreen, insect repellent, light hiking clothes, a hat, and water. But it was over 90 degrees on the day we set out. There were at least two moments during the hike I felt a little lightheaded (which probably indicated a problem starting), but I stopped, rested, drank water and continued on. We drank all the water we had with us and when the hike was completed, I had a large water bottle waiting for us in the truck, which we also drank. After the 4.5-mile hike I felt ok. Eight hours later, my skin got very hot, very red, I became nauseous and uncontrollable chills set in. Off to the ER I went where I was treated for heat exhaustion. I wanted to share my experience and ways that you can prevent it.

Heat Exhaustion - According to Mayoclinic.org, it's a condition where the body overheats. It's caused when the body is exposed to high temperatures, high humidity and strenuous activity. It may start suddenly or progress over time. Your body naturally cools itself by sweating but when you overexert yourself in the heat, your body is less able to do so. This can lead to heat cramps (a mild form of heat related illness) and progress to heat exhaustion and heat stroke. Heat stroke is a medical emergency and requires immediate treatment.

Persons under 4, older than 65 or those with chronic medical conditions are most at risk.

Certain medicines like those used to manage high blood pressure, diuretics, beta blockers, tranquilizers and antipsychotics also increase risk. Other factors include a high heat index and sudden changes in temperature, such as leaving an air-conditioned space. Given the right settings and circumstances anyone can be put at risk.

Prevention

- Take it easy during the hottest parts of the day. Plan outdoor activities for early morning or evening if you can.
- Drink plenty of fluids. If you are outside performing activities the CDC recommends one cup of water every 15-minutes or about 1-qt per hour. Water is great but consider adding sports drinks that contain electrolytes when out in the heat.
- Avoid alcohol and caffeine.
- Wear light loose fitting clothing and always protect yourself from sunburn.
- Be careful with medications that affect your ability to stay hydrated.
- Move to a cool place as soon as possible.
- Always seek medical attention if symptoms persist, get worse, or if fever and/or confusion develop.
